

ODDS-ON-FAVORITE

Epic 430™

- Small, modular design, configurable to any space
- Variable length tickets (2.5" - 10") allows for graphics, coupons
- Easy opening for fast paper roll loading
- Delivers fast print speed of 152 mm/second
- Standard sensors include Black Mark, Ticket-Taken, Cover Open, Jam Detect, Ticket-Low, and Ticket-Out

The Epic 430™ is the feature-rich printer with a modular design that can be configured as game space permits. Designed specifically for gaming-type machines found in non-casino establishments, the Epic 430 is ideally suited for Amusements with Prizes (AWP), Skills with Prizes (SWP), Video Lottery Terminals (VLT), Fixed Odds Betting Terminals (FOBT), Sports Betting Terminals, Pachinko machines in Japan, and other off-premise, gaming-type machines around the world. The optional Presenter feature eliminates player interference by allowing the printer to fully print and cut the ticket before presenting it. Backed by TRANSACT's superior service, plus warranty and extended maintenance options, the Epic 430 is the odds-on favorite printer for the off-premises gaming market.

TRANSACT

CONFIGURATION OPTIONS

REMOTE KIT

VARIABLE POSITION
SPINDLE

FULLY CONFIGURED

STANDARD FEATURES

Printer Mechanism with built in (full-cut) cutter
Electronics Base with Main Controller PCB
Paper Bucket that holds a 80mm wide, up to 101mm (4 inch) diameter roll
Variable length paper transport (63.5 to 254 mm long tickets)
Bezel, illuminated

OPTIONAL FEATURES

Remote kit includes a variable position paper roll spindle that allows paper roll to be mounted behind or below printer mechanism
Universal power supply (100-240 VAC, 47-63 Hz)

ADDITIONAL FEATURES AND BENEFITS

- Auto paper loading
- Print Orientation- Up
- Stroke based fonts (WGL4)
- Status indicator LEDs- FAULT, OPEN, PAPER, READY
- Paper Feed Button
- 4 Mega Bytes Flash Memory (8 MB code space, 8 MB user defined)
- 8 Mega Bytes RAM
- Bar Codes: Code 31, Code 39, Code 93, Code 128, Interleaved 2 of 5, UPC-A, UPC-E, EAN-8, EAN-13, EAN-14, PDF417 stacked symbology, CODABAR, ITF
- Power Connector: 4 pin Molex, located on rear of Electronics Base
- Recessed cable access on rear of Electronics Base
- Electronic journal capability
- Internal counters for hours on, cuts, print lines, errors
- Multiple printer emulations: Ithaca, Epson Extended, Epson TM-T88II/III/IV, TM-T90, Custom VKP80
- Maximum 8K buffer (adjustable)
- 42 ASC II code pages (including euro symbol)

MEDIA

Monochrome Thermal Paper
80mm or 82.5mm width
4 inch (101mm) diameter roll or 6 inch (152.4mm) diameter roll
Paper caliper 2.1 to 3.5 Mil

WHO WE ARE

TRANSACT Technologies Incorporated (Nasdaq:TACT) is the leader in developing and manufacturing market-specific printers for transaction-based industries. These industries include gaming, lottery, POS, kiosk, and banking. Each individual market has distinct, critical requirements for printing and the transaction isn't complete until the receipt and/or ticket is produced. TRANSACT printers are designed from the ground up based on market specific requirements and are sold under the Ithaca® and Epic product brands. TRANSACT distributes its products through OEMs, value-added resellers, and selected distributors. TRANSACT has over two million printers installed around the world. TRANSACT has a strong focus on the after-market side of the business, with a high commitment to printer service, supplies, and spare parts. TRANSACT is headquartered in Hamden, CT. For more information on TRANSACT, visit www.TRANSACT-TECH.com or call 203.859.6800.
