

HOW CAN BOHA!® HELP BOOST OPERATIONAL EXCELLENCE?

BOHA! eliminates time-consuming manual tasks and brings consistency to your day-to-day operations. With BOHA!, you can:

Reduce
labor costs

Improve
accountability

Prevent
food waste

Enhance food
safety & quality

Across ALL locations — from the cloud

BOHA! is a suite of connected back-of-house solutions built to simplify operations and deliver real, measurable results. From on-demand label printing to digital temperature checks, HACCP compliance, and task management, BOHA! helps teams work more efficiently, stay compliant, and maintain brand standards at every location.

GET ON THE PLATFORM

Fully transform your back-of-house in three key areas: food prep, food safety, and task management. BOHA!® is easy to implement, customize and use, **and includes your choice of:**

BOHA! Labeling

Print error-free, FDA-compliant date code and grab 'n go labels on demand, with auto-generated use-by dates and nutritional info—powered by the BOHA! Terminal 2 or wireless BOHA! WorkStation.

BOHA! Checklist

Ensure must-do tasks are completed and safety protocols are followed. Now all of your locations can execute tasks with digital precision and accountability.

BOHA! Timer

Set digital timers to remind staff to perform critical back-of-house tasks to ensure your operations run more smoothly and safely.

BOHA! Temp

Ensure food safety by following a digital HACCP process, which includes corrective actions.

BOHA! Sense

Prevent costly food loss by tracking temperature and humidity in refrigerators, freezers, walk-ins, and dry storage. You'll be alerted instantly if anything goes out of range.

BOHA! Media

Give your staff everything they need, right where they need it. Consolidate all your paper materials and training guides into one centralized viewing platform.

BOHA! Labels

From prep to grab 'n go, our FDA-compliant labels are ready when you are. Choose from multiple standard sizes & adhesive types or request a custom design.

BOHA! Portal

Update store content in one central location and unlock operational insights with real-time analytics.
